Non-sensitizer for skin. Skin inflammation is characterized by itching, scaling, reddening, or, occasionally, blistering. Ingestion Hazards Ingestion is not expected to be a primary route of exposure. Inhalation Hazards Slightly hazardous in case of inhalation. Effects will depend on concentration and length of time of exposure. Subchronic (Target Organ Effects) May cause damage to the following organs: upper respiratory tract, skin, eyes. Chronic/Carcinogenicity Effects Not tested by the manufacturer. Not shown as a carcinogen by OSHA, IARC, or NTP. A two year rat carcinogenicity study showed a slight increase in c-cell adenomas in female rats. Studies with male rats and male and female mice

<p>4. First Aid Measures</p> <p>Eye Flush immediately with copious amounts of tap water or normal saline (minimum of 15 minutes). Take exposed individual to a health care professional, preferably an ophthalmologist, for further evaluation.</p> <p>Skin Wash exposed area with plenty of soap and water. Repeat washing. Remove contaminated clothing and wash thoroughly before reuse. If irritation persists consult a health professional.</p> <p>Ingestion DO NOT INDUCE VOMITING. Rinse with copious amounts of water or milk, first. Irrigate the esophogus and dilute stomach contents by slowly giving one to two glasses of water or milk. Avoid giving alcohol or alcohol related products. In cases where the individual is semi-comatose, comatose, or is convulsing, DO NOT GIVE FLUIDS BY MOUTH. In case of intentional ingestion of the product, seek medical assistance immediately; take individual to nearest medical facility.</p> <p>Inhalation If exposure by inhalation is suspected, immediately move exposed individual to fresh air. If individual experiences nausea, headache, dizziness, has difficulty breathing or is cyanotic, seek a health care professional immediately.</p> <p>Note To Physician No Specific Antidote is known. Treat Symptoms. Evaluate Principal Route of Entry, Seek appropriate medical attention. Never give anything by mouth to an unconscious person.</p>
