

Applied Biochemists Pooltrine 50

1. Product And Company Identification			
<p>Supplier Applied Biochemists 1400 Bluegrass Lakes Parkway Alpharetta, GA 30004 United States Telephone Number: (770) 521-5999 FAX Number: (770) 521-5959 Web Site: www.poolspacare.com</p>	<p>Manufacturer Advantis Technologies, Inc. 1400 Bluegrass Lakes Parkway Alpharetta, GA 30004 United States Telephone Number: (770) 521-5999 FAX Number: (770) 521-5959 Web Site: www.poolspacare.com</p>		
<p>Supplier Emergency Contacts & Phone Number CHEMTREC - DAY OR NIGHT: (800) 424-9300</p>	<p>Manufacturer Emergency Contacts & Phone Number CHEMTREC - DAY OR NIGHT: (800) 424-9300</p>		
<p>Issue Date: 08/28/2003</p> <p>Product Name: Applied Biochemists Pooltrine 50 Chemical Name: Didecyl Dimethyl Ammonium Chloride Chemical Family: Quaternary Ammonium Compound Chemical Formula: Proprietary MSDS Number: 98</p>			
2. Composition/Information On Ingredients			
	Ingredient Name	CAS Number	Percent Of Total Weight
	DIDECYLDIMETHYLAMMONIUMCHLORIDE	7173-51-5	
	ETHYL ALCOHOL	64-17-5	
<p>Ingredients listed in this section have been determined to be hazardous as defined in 29CFR 1910.1200. Materials determined to be health hazards are listed if they comprise 1% or more of the composition. Materials identified as carcinogens are listed if they comprise 0.1% or more of the composition. Information on proprietary materials is available in 29CFR 1910.1200(i)(1).</p>			
Hazards Identification (Pictograms)			
			
3. Hazards Identification			
<p>Primary Routes(s) Of Entry Skin contact, inhalation, and eye contact.</p> <p>Eye Hazards Corrosive to eyes. Severe eye damage can result from direct contact.</p> <p>Skin Hazards Causes severe skin irritation.</p> <p>Ingestion Hazards Harmful or fatal if swallowed. If ingested, get immediate medical attention. Burning pain in the mouth, throat, abdomen, severe swelling of the larynx, skeletal muscle paralysis affecting the ability to breathe, circulatory shock, convulsions.</p>			

Applied Biochemists Pooltrine 50

3. Hazards Identification - Continued

Inhalation Hazards

May cause respiratory tract irritation.

First Aid (Pictograms)

4. First Aid Measures

Eye

In case of contact, hold eyelids apart and immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention immediately.

Skin

In case of contact, immediately flush skin with plenty of water for at least 15 minutes. Get medical attention immediately if irritation (redness, rash, blistering) develops and persists. Wash clothing before reuse.

Ingestion

Give Egg Whites or gelatin solution immediately. If not available give large quantities of water. Avoid alcohol. Get Medical attention. Contact a physician or poison control.

Inhalation

If inhaled, remove to fresh air. Consult a physician.

Note To Physician

Probable mucosal damage may contraindicate use of gastric lavage. Evaluate Principal Route of Entry, Seek appropriate medical attention. Never give anything by mouth to an unconscious person.

Fire Fighting (Pictograms)

5. Fire Fighting Measures

Flash Point: 109 °F

Flash Point Method: PMCC

Fire And Explosion Hazards

Combustion products are toxic. Thermal decomposition causes oxides of carbon chlorine, and nitrogen. Solvent vapors can travel to an ignition source and flash back. Explosive mixtures can form with air.

Extinguishing Media

In case of fire, use water fog, dry chemical, CO₂, or "alcohol" foam.

Fire Fighting Instructions

Firefighters should wear self-contained breathing apparatus and full protective gear. Floors may become slippery. Products of combustions are toxic. Heated vapors can travel to an ignition source and flash back. Explosive mixture can form in air.

6. Accidental Release Measures

Remove ignition sources. Wear respirator. Small spills may be mopped up, flushed away with water or absorbed on some absorbent material and incinerated. Large spills should be contained; the material then moved into containers and disposed of by approved methods for hazardous wastes.

Applied Biochemists Pooltrine 50

Handling & Storage (Pictograms)

7. Handling And Storage

Handling And Storage Precautions

Keep out of reach of children. Keep from freezing. Store in original container.

Handling Precautions

Avoid contact with skin and clothing. Do not store in proximity to foodstuffs.

Storage Precautions

Keep out of reach of children.

Work/Hygienic Practices

Use safe chemical handling procedures suitable for the hazards presented by this material.

Protective Clothing (Pictograms)

8. Exposure Controls/Personal Protection

Engineering Controls

Mechanical required in enclosed areas. Local exhaust acceptable. Use in well ventilated areas.

Eye/Face Protection

Safety glasses with side shields or goggles recommended.

Skin Protection

Chemical-resistant gloves.

Respiratory Protection

None normally required.

9. Physical And Chemical Properties

Appearance

Blue liquid

Odor

fish, amine

Chemical Type: Mixture

Physical State: Liquid

Specific Gravity: 0.96-0.99

Molecular Weight: Proprietary

Percent Volitales: by weight: 50

Vapor Density: >1

pH Factor: 6-8

Solubility: Soluble in water

10. Stability And Reactivity

Stability: Stable

Hazardous Polymerization: will not occur

Applied Biochemists Pooltrine 50

10. Stability And Reactivity - Continued

Incompatible Materials

Avoid contact with strong oxidizers and reducers.

Hazardous Decomposition Products

The dried material can burn to give off oxides of carbon, hydrogen, nitrogen and hydrogen chloride.

11. Toxicological Information

Skin Effects

Acute dermal greater than 2000 mg/kg.

Acute Oral Effects

Acute oral LD50: 580 mg/kg for males and females combined.

12. Ecological Information

No Data Available...

13. Disposal Considerations

Incinerate. Refer to applicable local, state and federal regulations as well as industry standards.

14. Transport Information

Proper Shipping Name

DISINFECTANT, CORROSIVE LIQUIDS, N.O.S. (Quaternary Ammonium Compound)

Hazard Class

8,PGII (<=1L CONSUMER COMMODITY ORM-D)

DOT Identification Number

UN1903

DOT (Pictograms)

15. Regulatory Information

Ingredient(s) - State Regulations

ETHYL ALCOHOL

New Jersey - Workplace Hazard

New Jersey - Special Hazard

Pennsylvania - Workplace Hazard

California - Proposition 65

Massachusetts - Hazardous Substance

New York City - Hazardous Substance
